## quality policy ...

### ▶ quality policy ...

It is the policy of the Vishal Group to operate its business in a manner that consistently meets or exceeds the quality standards set by affected stakeholders - being customers, industry regulators and the communities within which the Company operations are conducted.

**The Company is committed to continuously improving the quality of operations and the services .**

Service quality is a customer determination and as such the Company will strive to :

- **Identify the changing needs and expectations of our customers.**
- **Maintain processes and procedures which ensure that these changes are accommodated.**
- **Provide services on time and at the lowest cost.**
- **Train all staff and contractors to act in accordance with the requirements of this policy Health & Safety Policy**

## ► health & safety policy ...

### Safety Philosophy ...

Vishal Group commitment towards safety is steadfast and uncompromised. Common sense demands that MSDS(material safety data sheets) be available and reviewed for all materials handled and that personnel in the site wear appropriate protective gear, e.g. safety glasses, helmets, safety shoes, face shields or full-face masks. Established site & shop safety protocol. Site and shop safety protocols should be followed or adapted as necessary with review. However, safety ultimately rests on the individuals attitude and knowledge. As new protocols becomes necessary, they should be added. Every manager, Engineer, technician , skilled and unskilled workers must be part of this process; it is essential for their safety and for the safety of everyone around them.

### We firmly believe the key to our success in to maintain the health & Safety of everyone on our sites.

- To provide adequate control of the risks to health & safety arising from our work activities.
- Provide information, instruction & supervision to employees, contractors and customers to ensure their safety.
- To provide & maintain safe plant & equipment.
- Providing and maintaining safe and Healthy working condition.
- To set & achieve our Health & Safety, Objectives & Targets.

## ► our mission ...

Our mission is to deliver projects on time and with high quality standards, thereby continuously building on our reputation and respecting our values.

Our mission is to provide our customer cost effective quality product with latest technology. Thus satisfying every criteria.

## ► vision ...

Vishal Group aims to be the Engineering, Infrastructure, and construction of choice by selected clients in the markets.

## ► machineries ...

Efficiency of work is required to be measured in advanced technology. So our equipments, machineries, technicians as well as skilled labors are pillars of our unique tower.
